7x24 Exchange Rocky Mountain Chapter is pleased to announce our spring program

Tour of NREL Research Support Facility Building

The day will begin in the parking lot at Colorado Mills Mall where the group will be gathered and shuttled over to the NREL campus. At this point, all guests will go through security and receive badges. Breakfast will be served and presentations on High Performance Buildings, Building Ops, Green IT and How to Build a Better Data Center. Guests will be broken up into groups and tours of the RSF building

will proceed.

Due to security, all guests must be pre-approved and have a valid government photo ID (Driver's License, GSA card, NCAR card, etc.). Unfortunately, if you are a foreign national, attendance may not be possible due to the government security rules in place. If your name is not on the RSVP list at the Colorado Mills parking lot, you will not be able to board the shuttle.

This will be a first-come, first-serve presentation as seating will be limited. Please get your RSVP in at the earliest opportunity. Please call Tonya Neu at 303-312-4623, please provide your name, company name, the number and type of ID, and contact information.

Date: Tuesday, March 15, 2010

**Registration &
Breakfast:**
7:15AM – 8:00AM
